There is no universal public education system in Haiti.

Eighty percent of Haitian primary education is accomplished by schools run by benevolent organizations. Only with your help can Haitian children escape the plight of their parents — over 50% of the adult population is functionally illiterate. HOM operates primary schools in Cité Soleil, Blanchard (Terre Noire), Ibo Beach (Source Matelas), and the newest in Repatriote. The schools offer education from pre-school through sixth grade. Courses include Bible, math, French, English, Creole grammar, history and spelling.

The administrators and teachers are Haitian nationals who have completed the appropriate training and education and are committed to the goals of the program.

The Continuing Education program is for grades 7-13. These students passed the National Sixth Grade Exam and therefore are eligible to continue their education. Students are placed in area schools with oversight from Jacky Dorleans, HOM School Superintendent.

As a Christian mission, HOM believes in teaching foundational Biblical principles, and loving each student as the unique and special person that they are.

What does my sponsorship provide?

■ Primary School Student Sponsorship

- Academic Instruction. The teachers and other staff are entirely funded by your donations.

What information will I receive?

You will receive the name and a photo of your child within a few weeks of your initial donation. Periodically, you will receive a progress report and a new photo of your child, as well as other school information.

Can I contact my child?

Yes! You can write letters. Consider including a photo of your family for your child to see who you are. Mail must be in regular size envelopes only—no packages.
